

Illinois Poison Center **FREE** | **Poison Prevention Training & Materials**

Each year, more than two million poisoning exposures are called into regional poison centers across America.

Annually, the Illinois Poison Center (IPC) handles almost 75,000 exposure and information cases. Of those calls, 36% involve poisoning exposures in children 5 years and under.

**Available to all who live/work in Illinois –
FREE Poison Prevention Education,
CEC and Materials**

If you are interested in sharing poison safety and prevention education with your community/clients, simply go to:

<https://www.illinoispoisoncenter.org/education/poison-prevention-education/>

Complete the short online course and receive educational/presentation materials for all your future outreach activities.

For questions/comments, please contact the IPC at

<https://www.illinoispoisoncenter.org/contact-us-pperc/> or
(312) 906-6136
