

**VITAMIN GUMMY C**  
IF YOU CAN'T TELL THE DIFFERENCE

Illinois Poison Center  
**POISON HELP**  
1-800-222-1222

**Mistaken Identity**  
If you can't tell the difference, how could a child?

Is it candy or medicine?

Good 'N' Fruity <sup>®</sup>	Multivitamin	Good 'N' Fruity <sup>®</sup>	Aspirin	Cinnamon Candy	
	Ferrous Sulfate				
	Diphenhydramine				
	Amantadine				
	Mesoridazine				
	Ephedrine				

Illinois Poison Center  
**POISON HELP**  
1-800-222-1222

Medical experts are available to help:  
**24** hours a day  
**7** days a week  
**365** days a year

More people in the U.S. die from poisonings than from injuries from firearms and motor vehicle collisions **combined**.<sup>1</sup>

Think you might have been exposed to something that could be potentially harmful (medication, food, bite, sting, chemical, cleaner, etc.)?  
**Don't guess, be sure. Call us now: 1-800-222-1222**  
All calls are free and confidential.

**Could you be carrying poison?**  
Keep your bag out of reach to keep children safe.

Almost anything can be poisonous if it's used in the wrong way, in the wrong amount, or by the wrong person.

If you suspect a poisoning, don't take a chance.  
**Call 1-800-222-1222.**
